

Champion SP1

Push your limits with DOD Tech's Champion SP1 Dash Cam. Designed for driving enthusiasts and featuring an array of analytical tests, the Champion SP1 will transform the way you capture your drive on the road and on the track.

Test your acceleration, braking, and circuit skills. Review your footage. Improve your times. A 10Hz GPS module ensures accuracy, updating your speed and position 10 times per second.

The Champion SP1 also retains DOD Tech's signature high quality video recording technology for extraordinary video quality day or night.
